APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 2.0 cfs, and not to exceed 91.25 mg annually herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A meter must be installed in the discharge pipeline near the point of diversion and accurate measurement must be kept of water placed to beneficial use. This permit is subject to the final allocation of the State of Nevada under the California Nevada Interstate Compact Commission. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second, but not to exceed 91.25 mg annually from all sources.

Actual construction work shall begin on or before August 14, 1969
Proof of commencement of work shall be filed before September 14, 1969
Work must be prosecuted with reasonable diligence and be completed on or before August 14, 1970
Proof of completion of work shall be filed before September 14, 1970
Application of water to beneficial use shall be made on or before August 14, 1973
Proof of the application of water to beneficial use shall be filed on or before September 14, 1973
Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed SEP 22 1969
Completion of work filed OCT 23 1973
Proof of beneficial use filed
